

## GEN 1.4 ENTRY, TRANSIT AND DEPARTURE OF CARGO

### 1. Customs requirements concerning cargo and other articles

The goods manifest, conforming to the model in Appendix 3 (Annex 9 to the convention on international civil aviation), is required. The nature of goods must be indicated; an export's declaration of goods is required. The presentation of the purpose the release of goods including unaccompanied baggage intended for export by air is done at the customs office of the airport of boarding. The spare parts and elements of the containers must be released for consumption and cleared with payment of duties and taxes at the Customs tariff. Customs legislation provides that goods intended to be used in the construction, transformation or repair of aircraft are suspended from duties and taxes. Other equipment is admitted under the temporary admission regime. The accompanied or unaccompanied baggage will be presented together, at the customs clearance for the determination by the customs service of the thresholds of tolerance (exemption of taxes duties) and taxation according to a simplified procedure. Customs clearance of unaccompanied baggage can be done by:

- The owner
- A freight forwarder or customs broker
- The operator authorized to carry out transit operations.
